What is Service Learning (SL)?

SL- a contemporary pedagogical approach, promoting active learning environment.

www.utm.my   inovatif ● entrepreneurial ● global

UTM
UNIVERSITI TEKNOLOGI MALAYSIA

Why is it important as part of T&L activities?

- To produce graduates with the knowledge to analyze the community situations and solutions to overcome social problems, economy and politics in a micro context.

UTM
UNIVERSITI TEKNOLOGI MALAYSIA

- SL become one of the phenomenon in T&L innovations in US and UK in early 90's

- In Indonesia, it becomes a University compulsory course which is categorized as Industrial Training starting from early 70's

- In UTM, it is introduced and conducted by panel of Educational Development in the Department of Educational Foundation and Social Science, Faculty of Education starting from 2009/2010 Session.
